Evening Meal Program

We are now serving a free evening meal from 4:00 p.m.-4:45 p.m., Monday-Thursday, the entire semester, for any student that is a member of our Boys and Girls Club after school program. Becoming a member of the Boys and Girls Club is free of charge and is open until 6:00 p.m. daily. This is a great opportunity and we hope our students take advantage of it.

Attention 11th Graders!

North Star High School is contracting with John Baylor's company OnToCollege to provide all of our 11th graders an ACT test prep course for free (normally a \$385 fee). I met with each of our juniors on December 3, 2019 to provide them with the details about this great opportunity.

Students will also be given online access at home to further prepare and work through many of the Additional Prep and Solution Video resources that are available to them. If your student is struggling with a specific subject area or concept on the ACT, OTC's Additional Prep and Solution Video resources can help.

Higher ACT scores can mean larger college scholarships. The OTC ACT prep course routinely raises test scores 1-3 points, an amount that can save your family thousands in college costs and increase your child's college options. Click here to watch a short video where John Baylor discusses the importance of the ACT.

Below are the details of this exciting opportunity:

February 19, 2020: All juniors will do a 90-minute test prep session with John Baylor.

February 24-April 6: ACT Test prep classes facilitated by North Star teachers using OnToCollege resources (available for sign-up here). Students will earn 1.25 elective credits for the class.

Period offerings:

7:00 a.m.: 1st period

8:00 a.m.: 2nd period

2:10 p.m.: 8th period (Tuesday - 1:20 P.M.)

3:05 p.m.: 9th period (Tuesday - 2:05 P.M.)

April 7, 2020: ACT day!

Thanks for helping us ensure students prioritize this course and the upcoming test. Please let me know if you have any questions!

Go Gators!

Student Data Privacy

LPS cares deeply about protecting students DIGITALLY. We go to great lengths to ensure that your child's digital interactions are safe and appropriate, that the data we collect about them is secure, and that we are guiding them to make good digital decisions. Because these efforts are less visible than our physical security efforts, we have assembled this resource to shine light on these important measures that are happening in LPS every day:

Instructional Technology Tools (ITTs)

LPS believes that high-quality curriculum and instruction can and should include instructional technology for improving student achievement and preparing learners for adult success. To that end, a District Instructional Technology Tool (ITT) Committee works to identify those ITTs that are safe for student use, support district learning goals, and encourage innovative teaching and learning.

All reviewed ITTs are cataloged in the LPS ITT Matrix:

<https://www.lps.org/apps/matrix/>.

The most frequently used, approved ITTs are made available to students and staff in the LPS Portal:

From The Bookkeeper A FRIENDLY REMINDER

The "Fines/Obligations List" continues to grow at LNS! Students are expected to take care of these obligations in a timely manner. The bookkeeper has a current list of fines and is happy to collect money or missing items to make sure each student has taken care of their obligations. Please Note: Parents are able to view fines on ParentVUE and students are able to view fines on StudentVue. If you have any questions, please have your student stop by the bookkeeper's window or you may contact the bookkeeper at twhitson@lps.org. We greatly appreciate your dedication in helping your child become "Debt-Free at LNS"!

Safe Searching Tools

The LPS Key Concepts in Digital Citizenship emphasize students' ability to "Apply strategies for effective and efficient searches for information" and "Evaluate and select appropriate sources to answer questions." LPS Educators work hard to help students understand not every search should be a "Google" search. Students have access to high quality digital content, from school or home, linked from our library web page. These resources include: eBooks, encyclopedias in multiple languages, databases of periodicals and reference resource, streaming media, and more!

For more information, visit the library web page found on our school's website.
